

PRESS RELEASE

MSH International launches a new version of its health application and makes reimbursement procedures easier

Paris, April 27, 2017. A subsidiary of [SIACI SAINT HONORE](#), [MSH International](#), a world leader in the design and management of international Health and Life & Disability insurance solutions for mobile individuals, now offers its insured members the option of taking a picture of their medical bills and sending them in just a few clicks.

MSH International is introducing an essential feature to submit healthcare claims quickly and easily.

With the new version of the MSH Health app, it is now possible to send claims for reimbursement directly from a smartphone by simply taking a picture of the supporting medical documents or uploading a previously saved document from a mobile (jpg, gif or pdf format).

Once some key information has been entered, the claim is sent directly to the dedicated MSH claims department for processing. So there's no need to fill out paper claim forms anymore!

As soon as the claim has been processed, an alert is sent to the MSH Health app, allowing insured members to access details of their reimbursement and see a full history of their reimbursement statements.

This 7th feature comes in addition to the other features already available from the MSH app which are very useful to globally mobile individuals (*find a facility, personalized health records, insurance card, etc.*).

Frédéric Van Roekeghem, Executive Director of MSH International, explained: *"The MSH Health App, specially developed for geographically-mobile individuals, is at the heart of MSH's international benefits solutions. With this new feature, once again, we are demonstrating our ability to listen to and meet the needs of people working or living abroad"*.

The MSH Health app is available as a free download from the App Store and Google Play in both French and English. For more information, visit www.msh-intl.com.

About MSH International, SIACI SAINT HONORE Group

MSH INTERNATIONAL, a subsidiary of SIACI SAINT HONORE, is a world leader in the design and management of international healthcare and death & disability insurance solutions for globally-mobile individuals. Its services are intended for employees of multinationals, SMEs and micro-businesses, workers in international organizations, individual expatriates and local high-net-worth individuals in need of international insurance coverage.

Thanks to its decentralized structure, 4 regional head offices in Calgary, Paris, Dubai and Shanghai and 13 service offices across the globe, MSH INTERNATIONAL provides 24/7, round-the-clock assistance to its 2,000 corporate clients and over 300,000 insured members across almost 200 countries. The group won the 2013 French Excellence award in the “Services” category.

About SIACI SAINT HONORE
