

## PRESS RELEASE

Paris, November 27, 2012

### **MSH INTERNATIONAL announces the opening of its new Thailand office**

**MSH INTERNATIONAL is stepping up its global presence by opening an office in Bangkok. MSH INTERNATIONAL (Thailand) will be the new healthcare partner for individuals and employees of SMEs, of all nationalities, who are expatriates in South-East Asia.**

According to Pierre Donnersberg, Chairman of the Executive Board of SIACI SAINT HONORE, “The creation of MSH INTERNATIONAL (Thailand) reinforces our position as a global player with the added value of being very close to our insured members and giving them the attention they deserve. This office will enable us to provide an increasing number of customized solutions with new healthcare plans that are specific to this region”.

For Laurent Cochet, Executive Director of MSH INTERNATIONAL, “Opening an office in Thailand was an obvious strategic opportunity. The country has set itself the goal of becoming South-East Asia’s ‘healthcare hub’ in the next two years and the Thai health insurance market is therefore sure to undergo very rapid development. Thailand also attracts many expatriates with its economy and standard of living”.

MSH INTERNATIONAL, which currently provides coverage to around 600 companies and 16,500 insured members in South-East Asia, has stepped up its development with the creation of this subsidiary in Thailand devoted to the design and management of customized healthcare solutions. The Group has been present in Asia since 2009 via its subsidiary MSH CHINA and is now working to extend its reputation across the continent.
